DETAILED ACTION

Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:

 - II. Claims 1-26, drawn to compositions not containing R14, classified in class 252, subclass 67.

The inventions are distinct, each from the other because of the following reasons: The inventions are separately patentable. Disclosure of one of the inventions would not anticipate or make obvious the other invention.

Having chosen one of the two inventions above, further restriction is required:

- III. Claims 1-26, drawn to compositions containing R50, classified in class 252, subclass 67.
- IV. Claims 1-26, drawn to compositions not containing R50, classified in class 252, subclass 67. The inventions are distinct for the reasons given above.

Having chosen one of the two inventions above, further restriction is required:

- V. Claims 1-26, drawn to compositions containing R134a, classified in class 252, subclass 67.
- VI. Claims 1-26, drawn to compositions not containing R134a, classified in class 252, subclass 67. The inventions are distinct for the reasons given above.
